

MARYAM MAHMOOD

DATA ANALYST & MACHINE LEARNING
ENTHUSIAST

CONTACT

- 0301- 4257109
- maryammahmood371@gmail.com
- Kasur

SKILLS

- Python, SQL
- Pandas, NumPy
- Scikit-learn, Logistic Regression, Random Forest, Classification Models
- Data Analysis
- Problem solving

LANGUAGES

- English

CERTIFICATIONS

- Intermediate to Machine Learning on June 15,2025
- Data Visualization on April 6,2026
- Gemini for Data Scientists and Analysts on April 25,2026
- Prompt Design in Vertex AI on April 22,2026

PROFILE

 Kaggle: <https://www.kaggle.com/mrymmhmod>

Aspiring Data Scientist and Machine Learning Enthusiast with hands-on experience in data analysis, predictive modeling, and data visualization using Python. Completed projects on Kaggle including Breast Cancer Diagnostic Prediction and Spotify Data Analysis (2026 scenarios). Earned a Kaggle certificate demonstrating foundational skills in data science and machine learning workflows. Skilled in Python, Pandas, NumPy, Matplotlib, and Scikit-learn, with a strong interest in artificial intelligence and data-driven decision making.

PROJECTS

Breast Cancer Diagnostic Prediction (Kaggle)

GitHub: <https://github.com/maryammahmood371-cell/breast-cancer-diagnosis.git>

Developed a machine learning classification model to predict whether a tumor is malignant or benign using patient diagnostic data. Performed data preprocessing, feature selection, and applied algorithms such as Logistic Regression and Random Forest. Evaluated model performance using accuracy, precision, and recall, to ensure reliable predictions.

Spotify Data Analysis (2026 Scenario Project)

GitHub: <https://github.com/maryammahmood371-cell/spotify-data-analysis.git>

Analyzed Spotify music dataset to identify trends in user listening behavior and song popularity. Conducted data cleaning and exploratory data analysis (EDA) using Python libraries such as Pandas and Matplotlib. Generated insights on genre distribution, top artists, and audio features influencing track popularity.

EDUCATION

Bachelor of Information Technology 2022 - 2026
Education University of Lahore
